Pauline Books & Media presents:

Jesus, the Bread of Life

A Multi-Media Catechesis

This presentation is an artful synthesis of the Church's Eucharistic Doctrine drawn from the recent statements: Sacrament of Charity, the Synod Document of 2007, and John Paul II's Encyclical: Ecclesia de Eucharistia.

The presentation aims to help discover anew the treasure of the Eucharist, its importance for our Christian Life and ways to be drawn into a fuller family participation. Its practical applications, stories and positive emphasis will lead participants to make vital connections between Sunday worship and concrete everyday experience.

Program prepared by Sr. Susan James, a Daughter of St. Paul from the Redwood City community. Sister has served in the San Francisco Bay area for approximately seven years after completing her studies in Philosophy and Theology at St. John's University in New York.
